

Green Icons with 3D Mosaic

Wood icons decorated with cardboard designs, mosaic as well as stencil designs painted with Plus Color.

Inspiration: 12067

1

Paint the icon with Plus Color – use a lot of water to achieve a glazed look.

2

Use a foam stencil brush when painting the edge black.

3

Place the stencil on top and dab the colour through or paint the icon plate black with a paper template on top.

4

-

5

Paint 3D butterflies with green paint. Let it dry.

6

Make black lines with a black marker pen.

7

Glue the butterflies onto the icon plate.

8

Draw a design with a thin pencil. Apply Super Hobby Glue. Put the mosaic tiles into the glue and let it dry.
